America, America, School Concert May 1st

The children of Grayling and Frederic Elementary Schools invite everyone to listen to good words and music about our country. Wouldn't you enjoy hearing good things about America and it's people for a change? Let us entertain you with these positive feelings and our music.

It is about time someone said something good about our country and we are prepared to do just that. There is nothing like hearing those old folk songs written by Americans and we are prepared to present some of them for your pleasure.

Please come and listen and have good feelings about our country even if it can only be one hour. We hope you will come and share our pride in America.

Our concert will be presented May 1, 1980 at the High School Gym from 7 p.m. until 8 p.m. We hope to see you there.

4th Annual Dawn Patrol May 4th

The Kirtland Aviation Chapter of Kirtland Community College will host the 4th Annual DAWN PATROL on Sunday, May 4, 1980. The event will begin with a Pancake & Sausage Breakfast from 7:30 a.m. to 11:30 a.m. Hot Dogs and Soda will be sold from 11:00 a.m. till 2.

Register for Prize Drawings-tickets good all day. Awards for youngest pilot, oldest pilot, oldest aircraft and farthest distance flown will be made.

Helicopter and plane rides will be available. Other features include KCC tours and displays, experimental aircraft and the presence of an FAA representative.

Come on out to Grayling's McNamara Airport, enjoy the fun, and view the many aircraft that are expected to arrive that day.

Two To Vie For School Bd. Post

One Crawford-AuSable School Board position will be filled in the June 9th school election and two candidates have filed nominating petitions.

Incumbent Kathleen Burkley has filed a position and will seek reelection and will be opposed in June by Sherry Hanson. The four year term will be effective July 1, 1980.

Clocks "Spring Forward"

Daylight Savings Time Starts Sunday

Be prepared to start "sawing logs" an hour earlier this Saturday night or be prepared to lose an hour's sleep if you don't. That's the night when you set the household clocks forward an hour to welcome Daylight Savings Time to Michigan, officially beginning at 2:00 a.m. this Sunday morning.

Unless you want to use the failure to adjust your clock as an "excuse" for missing church Sunday morning, set it ahead one hour when you hit the sack Saturday night.

To Hold Air, Water & Solid Waste Seminar

On Friday, April 25, George Graff, Manager of Natural Resource Programs, Michigan State Chamber of Commerce, will be conducting a seminar on Air, Water & Solid Waste Permit Issuance at the Holiday Inn, Grayling, from 9:00 a.m. to 2:00 p.m.

The Speakers, from the Department of Natural Resources, will deal with the how-to's and information needed to get Federal and State permits issued to companies. \$35 for State Chamber members and \$45 for non-members. Call (517) 371-2100 for more information. This is the third of five regional seminars.

If you have an opportunity to put an article in your coming events we would appreciate it, as obtaining permits within the specified time frames is of vital concern to business.

Clara Dawson-"90 Years Young!"

CELEBRATES BIRTHDAY—Mrs. Clara Dawson celebrates on the occasion of her 90th birthday last Thursday, shown here with daughter, Mrs. Vivian Dunham of Lansing. (Joe Schrader photo)

Mrs. Clara Dawson came to Grayling 75 years ago and last Thursday, April 17th, she celebrated her 90th birthday party with a gathering of family members and friends at Old Village Manor, near Frederic, where she has resided since January of 1979.

Owner-operator of Dawsons Drug Store for years, Mrs. Dawson came to Grayling by way of Lewiston and Manistee, where she was born 90 years ago. Along with her Village Manor and Timberview friends, also attending last Thursday's party for Mrs. Dawson was her daughter and son-in-law, Wes and Vivian of Lansing, her granddaughter, Sandra Smith of Westphalia and grandson, Gary Dunham of Grand Lodge. "Sure I like Grayling," she

said Thursday with a twinkle in her eye, "that's why I've stuck around here for so long. And working at the drug store was my main hobby." Her son, Devere, now operates the business which has been open in downtown Grayling since the mid-thirties. Another son, Richard, of Cadillac, was expected to be here on Sunday for a family birthday party. A third son, Norman, died two years ago, but his widow, Matilda, also attended the Sunday affair.

Mrs. Dawson has 12 grandchildren and 25 great grandchildren. Her husband, Earl, passed away in 1965. She has been a member of a number of local organizations throughout her lifetime here, including the Ladies Aid Society of St. John's Lutheran Church and the Eastern Star.

Radar Units Aid Road Patrol

Remember back when your high school physics teacher was trying to get you to learn about the Doppler Effect?? Me either. But no matter, just accept the fact that the principle which explains the sound of an approaching vehicle, and why it climaxes and subsides as it reaches and passes you, is now employed in radar speed control equipment.

This story is about that equipment and its use. And more particularly about how it is used here in Crawford County. And about a couple hours with a deputy who is sold on its value to law enforcement officers.

About 10:15 a.m. last Thursday morning, Crawford County Sheriff's Deputy Bill Heemer was parked in a turnaround on I-75 south of Grayling facing northbound traffic. Driving patrol car No. 16, Heemer had the radar speed antennae, attached to the side of the vehicle, aimed point blank at traffic merging from I-75 and M-27 heading north toward town. Individual speeds of the approaching vehicles were flashing onto the radar module unit perched on the dashboard. 58, 60, 56, 68...

At precisely 10:25 a.m., Heemer had a white moving van, a tractor-trailer combo,

pulled over to the side of the road, the lights on his patrol car flashing. You know, one of those rigs that if it ever collided head-on with a passenger vehicle, would leave only twisted metal, mangled bodies and death in its aftermath. Heemer had locked in the radar speed indicator on the dash and it read 68 miles per hour. I was with him. It was part of a short lesson I got last Thursday morning about how radar units function and are

used for speed control, and how widely accepted the documentation they provide is accepted in Michigan courts.

Traffic speeds have been radar controlled here in Crawford County for about a year now. Three cars are equipped with permanent equipment and a 4th unit is also available for use. Heemer is a certified radar equipment operator and carries a certi-

cate of competency to show he has completed the instruction course that precedes use of the equipment.

Crawford County Sheriff Curt Haas said the units were purchased for about \$1,000 apiece and were obtained through grants received and at no cost to the taxpayers.

Driver of the moving van, a downstate resident, told Heemer his speedometer was

acting up so he couldn't tell how fast he was traveling. He also told the deputy his driving record wasn't all that great. The radar module in the patrol car was still locked in at 68 m.p.h. Heemer climbed back into the patrol car and ran a routine driver's license check on the van's operator. The driver was issued a speeding citation and he never asked for evidence on how his speed had been calculated. He was also cited for the speedometer problem and advised that if he showed the court evidence within 10 days that it had been repaired, the fine would probably be waived.

At 10:50 a.m., the white moving van eased back onto I-75 and headed north again. In all probability the driver was cursing aloud at his misfortune.

Prior to venturing out onto I-75 and the turnaround, Heemer had explained how the radar units function. They can be used while the patrol vehicle is in motion or in a stationary position, like at our expressway location. Only when operating from a stationary position can the unit measure the speed of vehicles traveling in both directions.

Two speed indicators are on the dash module, one showing the speed of the patrol car, the other measuring the speed of the target vehicle. An F.C.C. license is required in order to use the equipment.

The principle behind the operation of the unit is called Doppler's Effect. A radio wave is sent out by the antennae, mounted inside or outside the patrol car, which bounces off the target vehicle. It returns to the antennae and is transmitted to the module inside the car. The unit converts the signal into miles per hour, the speed of the target vehicle, and it appears on the module indicator.

When the patrol car is in motion, a pair of signals are

sent out. The first bounces off a stationary object like a parked car, building, tree or the like, and returns to the unit which calculates the speed of the patrol car. That appears on a separate indicator on the dash unit. The second signal bounces off the target vehicle and back to the unit which takes both factors into consideration when computing the speed of the target object being checked.

The unit contains an on-off switch that controls the antennae signal while still allowing the modular unit to remain on. This prevents an oncoming vehicle with a radar detector from picking up a signal prior to reaching a distance close enough to have its speed calculated. This serves to foil "fuzz buster" operators, Heemer said.

An audio signal is also employed and picks up the Doppler tone. Cars can be heard approaching via audio before being picked up by radio signal. A

RSVP Director Resigns

The Crawford County Retired Senior Volunteer Program Director Carol Kolka is leaving her position when school is out in June. She feels she must be at home with her family.

Carol has worked in the program for seven years and will be greatly missed by all the volunteers who she has worked with and the stations served.

We will be taking applications for a new director, April 25, 29 and 30th. This is a very demanding and time consuming position as you are constantly recruiting and training new volunteers. Carol has done a great job in spite of her family obligations. She will help to train a new director as soon as one is hired. Thank you Carol for all your efforts and may you have the best of happiness.

Albosta Announces \$3,761,000 Loan To Northern Mich. Electric Co.

Midland—Rep. Don Albosta, D-Mich., said a \$3,761,000 loan will be given to the Top O Michigan Rural Electric Co. of Boyne City.

Albosta said the loan, granted by the Rural Electrification Administration of the Department of Agriculture, will be used to improve and expand Top O service to its rural consumers in the northern part of the Lower Peninsula, including Antrim, Kalkaska and Crawford counties.

The Congressman was notified of the Top O loan by a White House spokesman late Friday afternoon. Albosta said grants of this type are part of President Carter's rural development policy.

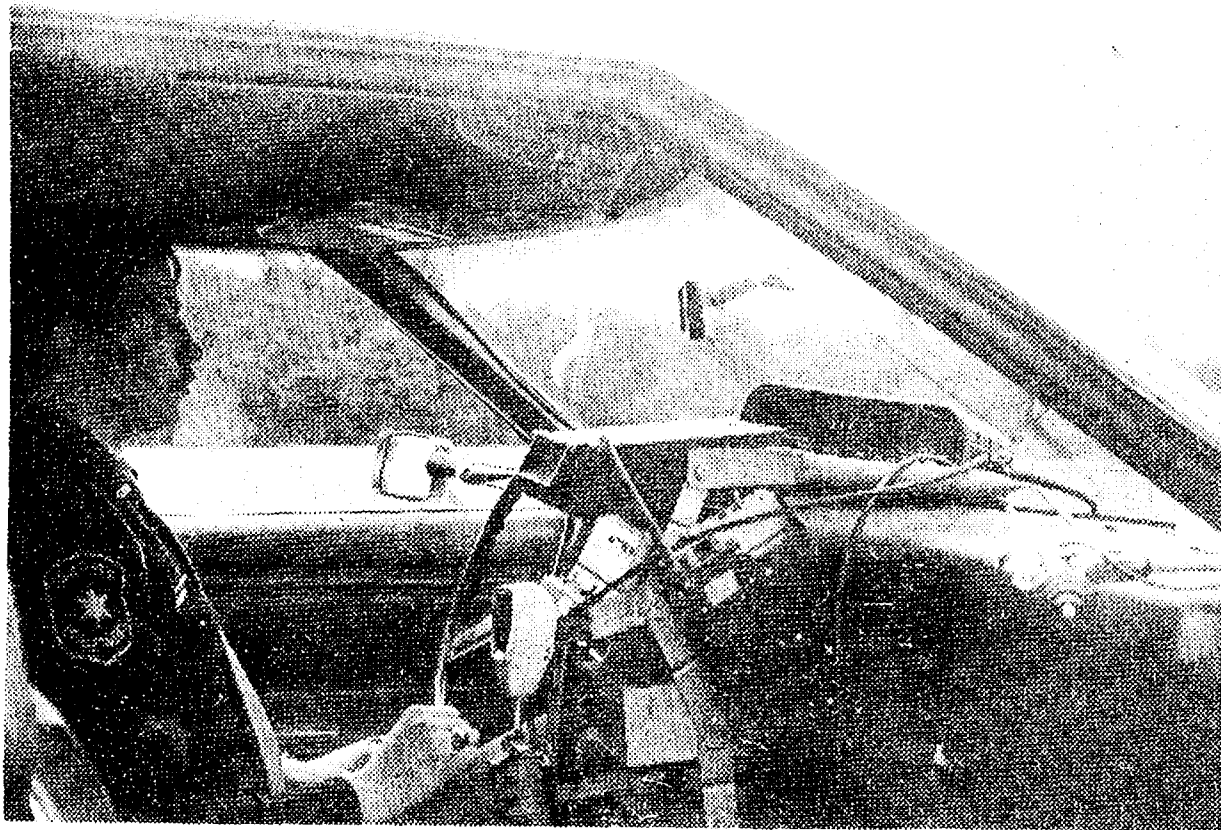

About 2,000 additional people will become Top O consumers as a result of the expanded service, Albosta explained. The

rural electric company plans to utilize an additional 225 miles of distribution line in the expansion.

Part of the loan, the Congressman said, is reimbursement to Top O for a new building constructed a year ago at its Boyne City headquarters.

"I am happy to see that Top O will be able to provide its services to more residents of rural areas," Albosta said. Electric cooperatives have played an important role in the development of agricultural areas and the farm economy, especially during our energy problems of the 1970s.

"As we continue to search for and develop new sources of power, rural electric cooperatives will see to it that the energy is delivered to agricultural areas."

'Retire Middle School with Dignity'-Dr. Bush

Employing an approach that places a high priority on the educational requirements of today's youth, combined with a criteria that demands community participation and pride in its concern for quality education, Dr. Donald Bush of CMU, provided members of the Middle School Advisory Committee his review of school problems and recommendations for its future. The meeting was held Monday evening in the school library.

Although he attacked the challenge from a focal point along more philosophical lines, his final recommendation generally concurred with those from previous consultants heard from—strongly consider construction of a new facility for Middle School students. He told the committee that the community must come to realize "that it is not possible to condition a 60-year old body to compete in the Olympics."

In his final synopsis, Bush outlined two other alternatives, including 1) extensive remodeling of the facility or 2) continued use of the building with only minimal maintenance and repair expenditures.

Consequences of the latter, or "do nothing" approach, Bush called "the most costly of the three alternatives because of the waste of teachers and students time and energy." He continued, "there is no legal way to make even minimal improvements without making a commitment to bring the building up to standards for the

handicapped." In dismissing the remodeling alternative, Bush said comprehensive remodeling would be very expensive—probably 60%-70% of the cost of new construction. "Even this extensive remodeling would not improve the instructional setting in most

areas", his report concludes. Turning to new construction, one he termed a "long term solution", Bush said this alternative would fill the gap between the elementary school instruction and the high school where facilities are relatively new and adequate. His recom-

Tickets now on Sale Broadway Musical Hit Coming To Grayling

"Guys and Dolls", the musical comedy fable about toughs, touts and tramps on Broadway that won the New York Critics' Award as the best musical comedy of the 1950-51 season, and ran in New York for three years and three days, is coming to Grayling's Joseph Stripe Auditorium. Production dates for this highly acclaimed musical are May 8, 9 and 10, 1980 and tickets are now on sale for all three performances. All seats to all performances are reserved and the price of admission has been set at \$2.50. Tickets can be purchased at the Grayling Pharmacy in downtown Grayling and mail in orders are being accepted at the Grayling Community School Office. Mail in orders should be accompanied by a check made payable to Crawford AuSable Schools and mailed to: Guys and Dolls, Community School Office, Grayling High School, Grayling, Mi. 49738.

Tim Taylor and Shannon MaNamara will be found in two of the leading roles, that of Nathan Detroit, the harassed operator of a floating crapgame, and Adelaide, his "doll" who has been engaged to him for 14 years and has developed a permanent psychosomatic cold out of anxiety about betting that "plain little band of gold" from him eventually.

Todd Duncley and Sue Prause will be seen in two of the

other major roles, those of Sky Masterson, so named because the sky is the limit to his betting, and Sarah Brown, the Salvation Army lass who tries to save the souls of all the sinners in the Neon-lit area.

Others who will portray the pungent characters from Damon Runyon's famous stories about the deadbeats and sharpers of the Great White Way will be Scott Duncley, George Morse, Jim Kitch, Steve Allen and John Watkins. Included in this gallery are such beloved rogues from Runyon's collection of underworld denizens as Nicely-Nicely Johnson, Benny Southstreet, Harry the Horse, Big Jule and Angie the Ox.

"Guys and Dolls" is the "Oklahoma" of the horse players, the "South Pacific" of the crap shooter, a folk comedy of gamblers, large and small, the finest comedy of Broadway life since "Broadway" in 1929.

Just a simple story of two lovers and a floating crapgame. You'll laugh at it all evening for the comedy is broad but true, the idiom of its people quaint and unfailingly comical, the

Roscommon and Crawford County 4-H Receives Handicapper Mainstreaming Grant

The Roscommon/Crawford Cooperative Extension Service office has recently received notification of a grant for mainstreaming handicappers. Purpose of the grant is: 1.) Increase the exposure of handicappers to lifelong learning activities; 2.) Organize 4-H Clubs composed of handicappers and other 4-H members; 3.) Increase the opportunity for handicappers to interact with youth and adult TAB's (temporarily able bodied).

The \$5,700 grant will fund the program for 2 1/2 years, and will be used to hire a coordinator during the summer, as well as

provide for training, instructional supplies and evaluation. The project will be run in conjunction with the present Horseback Riding for the Handicapped program, expanding the concept to make hands-on learning a year-round activity. The project will be run in cooperation with several other county organizations.

The grant to Roscommon/Crawford 4-H programs was one of six awarded in the state by the Michigan 4-H Foundation. This funding came through a grant from the Kellogg Foundation and the Mott Foundation to the Michigan 4-H Foundation.

OPERATION BENTLEY

Howard Lehti, Grayling High School Government instructor, has been informed that two juniors have been selected to attend a government training and education session known as Operation Bentley at Olivet College. A group of 100 high school juniors is selected each year to participate. Students chosen for the program receive a full scholarship that covers tuition, room and board. They may earn one college credit for completing the program.

Susan Diedrich and Jay Schrader, shown here with Mr. Lehti, were selected to attend the 10 day program this year scheduled for May 21 to June 1.

"Operation Bentley" is a simulation that teaches the fine points of American local government. Participants set up a complete local government as well as campaign for and hold elections for public offices in the mythical Michigan community of Hamilton. "Operation Bentley is not necessarily a training period for political aspirants," stressed Lehti, "but an educational experience." (Joe Schrader photo)

Radar

(Continued from Page 1)

seasoned operator can tell if a car is speeding from the level of the pitch emitted by the audio speaker.

Approaching vehicles can be detected by radio signal from as far away as a mile. Speeds can be locked into the module indicator by flipping a switch. The range of the unit can be adjusted to account for factors that affects its operation-like poor weather conditions, for example.

Heemer, who spent 40 hours in practical training with the unit after completing the instruction program, said it takes time to become familiar with the unit since so many factors enter into play. These include the speed of the scout vehicle, proximity of the object from the patrol car, and its size, or mass. Subjective observation and reasoning enters in as well. Deputies admit that despite its accuracy, the unit is not foolproof and take every precaution to see that all extenuating factors are taken into consideration.

Before placing a unit into operation, Heemer showed how it was checked for calibration. This is called an internal check and involves validating all the indicators, one of which employs the use of a pair of tuning forks certified to be accurate at 40 m.p.h. and 90 m.p.h. Held in front of the antennae while vibrating, the forks transmit 40 and 90 m.p.h. readings to the speed indicator.

Heemer also explained that factors called "panning & batching" are factors that can influence the equipment. Not everything is automatic, he stressed.

"Watch how these drivers slow down when they spot me," Heemer chuckled while clocking expressway vehicles, "what they don't realize is that I already know how fast they were going before they saw me." And it was amusing to watch their reactions as they passed by. Most of those guilty of exceeding the limit refused to even glance our way, pretending they were putting along at the speed limit all along.

On our way back to town we traveled Four Mile Road to Military Road to M-93 to M-72 and into town. Heemer was operating the unit in the moving position. Car speeds flashed on to the indicator and the audio system barked tenaciously. Most vehicles passing by were at or under the limit. "Surprisingly", the deputy indicated, "most people travel along between 55 and 62 miles an hour, really not bad at all."

We checked Roberts Road near town where the speed limit is posted at 25 m.p.h. Here most were moving well over the limit and Heemer said it was not uncommon along that stretch of road.

It was in March of 1974 when the speed limit was reduced on state roads from 70 to 55 miles per hour. Speed limits here along the business loop were also adjusted downward in selected spots last fall because of the high accident frequency along the loop. Highway safety and accident statistics show that state roads are safer to travel since it was lowered. Most people have slowed down and gas conservation has also become a contributing factor.

Courts accept radar documentation pretty much at

face value although in some instances defense attorneys have contrived gimmicks in an attempt to discredit its validity. Recently on TV, a lawyer was shown "clocking" a ringing telephone at 90 m.p.h., an absurd demonstration that only served to reflect on the credibility of the attorney himself.

Sheriff Haas said the use of radar detectors has been complemented by the recall of two deputies to the force in February for speed limit enforcement detail. Both are financed by State Safety & Highway Planning department grants.

Next time you tuck your family in beside and behind you when traveling, recall at least some excerpts from this story and slow down. The bottom line could be a matter of life or death.

Grayling, Michigan—Thursday, April 24, 1980

From Our Corner...

The fate of Grayling's annual spectacular 4th of July celebration and fireworks hung in balance up to last Friday.

Up until then the Grayling Booster Club was thinking heavily of not sponsoring the endeavor this year due to the fact that they lost \$500 on the event last year.

Bill Duke, President of the Booster Club met last week with City Manager, Jerry Morford; Mayor, Sandy Thompson; Chamber Manager, Walt Nowak; Harold Hatfield of the City Police Dept., Irv McIsaac, Mark Hartman and Bud Joyce, to try and find some way the club can get more help from other organizations and individuals.

It was pointed out that the club put out \$4,600 for the fireworks display, which has become Northern Michigan's finest 4th celebration. It was also brought out that if it hadn't been for the Booster's kielbasa tent, the club would have taken a heavier loss.

It was brought up that all the other organizations who have concessions should coordinate their efforts with the Booster Club with proceeds going to finance the day's activities...it was also suggested that the Booster Club have full control over the City Park as to what would be there and the right to limit vendors only in the park.

Duke brought out the fact that the Booster Club bylaws are set up for helping the youth of Crawford County and this kind of endeavor was taken over when the Volunteer Fire Department was going to drop the handling of the celebration. Duke stated that following last year's loss, which he said probably was due to the fact Bear Archery had moved and they always contributed \$1,000 each year, the club officers stated that without more help they would vote to drop the sponsorship.

A lot of work goes into the celebration and it is all volunteered...to continue this annual event, there will have to be more input from the community, both in money and a helping hand to the Boosters...

We feel everyone, no matter what kind of help they can give should get behind this effort and keep Northern Michigan's best 4th of July celebration in Grayling...it has become a tradition, let us all help to preserve it...

This year's celebration has been set for Saturday, July 5th the middle of a three day weekend...call Bill Duke if you want to get behind this year's gala event...

A tip of the hat...and our sincere congratulations go out to John and Blanche LaMotte who will celebrate their 65th wedding anniversary on Thursday, April 24th...they have been life long residents of Crawford County...they have us beat by 30 years, that's a lot of summers and cold winters...many happy returns of the day John and Blanche...

We were asked Monday afternoon, how come that I-75 Business Loop was cleaned on the east side of the street of all the sand and debris some time ago, and the west side hasn't been touched...we don't know...maybe some one else knows...it certainly doesn't help the image of the city when others are trying to cleanup after the winter...

While we are on the subject of I-75 we have to wonder every day how drivers get their license when they have to pass a test...being a pedestrian you take your life in your own hands when you cross the intersection at Michigan and Cedar...don't people know the walker has the right of way when the light is with them?

Problem is there is no law that we know that protects the walker...we certainly don't want to get hit to prove the point...

To end this effort on a happy note...may we suggest all you hamburger lovers plan on visiting McDonald's this Sunday, the 27th, so with your help McDonald's McHappy Day will be a success...part of the proceeds will go to the Ronald McDonald House...you will be able to see some of Grayling's VIP's and yours truly giving a helping hand...

This is it for tonight...have a happy one...

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVANCE OF 23 YEARS AGO.

23 Years Ago April 25, 1957

Mr. and Mrs. C.M. Harney announce the engagement of their daughter, Betty L. Harney to Richard C. Legg, son of Mr. and Mrs. Louis N. Legg of Roscommon.

Mr. and Mrs. Robert Funck and children Kitty Lee and Peter left Sunday to visit Mrs. Funck's sisters, Mr. and Mrs. C.G. Beal and Mr. and Mrs. Ralph Clingan in Ferndale and Royal Oak, until Tuesday.

Mr. and Mrs. Clyde Smith, son Jack and daughter Sally Jo left Thursday on a trip to Niagara Falls, N.Y. They returned home on Sunday.

Mr. and Mrs. Leo Lovely drove to Cadillac Thursday to meet their daughter Julie, who came home from Nazareth Academy at Nazareth, for a ten-day Easter vacation. Mrs. Lovely's folks, Mr. and Mrs. Emil Golnick of Bay City, were the Lovely's guests the previous weekend.

Miss Judy Larson was 17 years old Easter Sunday, April 21st. A family birthday party was held at the Larson home Sunday to celebrate the event. Miss Judy received some very nice birthday gifts.

Mr. and Mrs. Robert Nixon and sons Bobbie, Jimmie and Eddie arrived last Thursday to spend Easter weekend with her sister, Miss Lillian Hill. The Nixons stopped in Flint enroute home and visited her aunt and uncle, Mr. and Mrs. Russell Tacia.

Mrs. Ward Ellison and children left Wednesday to visit her mother, Mrs. Mae Schultheiss, in St. Louis, over the Easter weekend. Mr. Ellison joined them on Friday.

Mr. and Mrs. S.E. DuBois and three children of Birmingham spent weekend before last here visiting his brother and family, the Richard DuBois'. Easter weekend guests were Mr. DuBois' parents, the E.E. DuBois' also of Birmingham.

The Harvey Rowlands were in Traverse City Wednesday of last week.

Mr. and Mrs. Charles Moore, Mr. and Mrs. Jack Alef and two sons, returned last Saturday after spending two weeks traveling through Indiana, Tennessee, Kentucky, Mississippi, Alabama, Louisiana and Florida. They stopped for three days at both New Orleans, La., and Panama, Fla. The trip covered 3,400 miles altogether.

Mrs. Robert Bovee taught school Monday, Tuesday and Wednesday of last week, substituting for Mrs. Charles Owen, who was in Detroit.

Mr. and Mrs. Robert Luter of Mt. Pleasant arrived last Thursday to visit her parents, the Robert Strongs, for Easter vacation. They would have come sooner but Bob is practicing teaching at Mt. Pleasant High School, which did not begin its Easter vacation until Thursday after classes.

46 Years Ago April 26, 1934

Mrs. R.R. Burns entertained her bridge club at her home Wednesday. After a delightful luncheon, there were two tables filled for bridge, for which Mrs. Emil Giegling won the prize.

Supt. P.G. Zalsman of the fish hatchery is taking his fish exhibit to the West Branch trout festival. Phil has one of the most wonderful fish exhibits to be found anywhere. Among his specimens are the sea raven, spider crab, harvest fish, dog shark, hickory shad, common skate, sea cucumber, blue fish, leather jacket, sea robin, shellfish puffer, squirrel hake, and baby seal.

Workmen are busy uncovering the water lines on Cedar and McClellan Streets as far north as the intersection with Peninsular. The pipes will be lowered below the frost line. In many places the pipes are only about 2 1/2 feet deep and always in danger of freezing. When these streets were paved the grade was lowered, which accounts for the lines lying too shallow.

Frank Brady of Detroit is visiting his sister, Mrs. B.J. Callahan and brother John Brady here.

A son was born to Mr. and Mrs. Harold Hatfield Tuesday. This is the sixth son born in the Hatfield family.

John Bruun is driving a new Plymouth coupe.

Miss Elsie Johnson of Roscommon is spending today

with Miss Eleanor Gorman.

Mr. and Mrs. Alfred Hanson and Miss Marie Brown were in Flint Saturday. Mr. Hanson having business there.

Frances Brady returned home after visiting in Detroit and Saginaw for a couple of months.

69 Years Ago April 27, 1911

Harry Conine came home from the Ferris School last week for a little visit, returning Monday.

John A. Everett has bought the comfortable home of Thor Boeson, which he will occupy. It is a fine place and will give them more room.

Olson's addition to the store adjoining Brink's grocery is enclosed and rapidly approaching completion. We are not advised who will occupy it.

Mrs. Nels Soderberg returned to Johannesburg Monday morning, after having a very pleasant visit with her many friends in Grayling for the past two weeks.

Ex-sheff Amidon is building two cottages at Portage Lake, which will be a good addition to the ones already there. They will be 22 x 24 feet cottage style, and be finished for utility as well as pleasant appearance.

The new soda fountain with all modern attachments at A.M. Lewis and Co's. Drug Store, is fine enough to adorn any city store in the state.

Sixty cars of gravel have been acquired by private subscription to add to the township appropriation for rebuilding the road to Portage Lake.

The Bible Speaks

From Calvary Baptist Church

The Sex Life of Jesus

Doesn't even the above title to this column make you sick at your stomach? It is reported that "Modern People News" magazine has plans for filming the sex life of Jesus. The film is to be based upon a book which depicts Jesus Christ as a swinging homosexual. The stars have not been chosen yet, but a French prostitute has been selected to play the part of Mary Magdalene, with whom Christ has an affair in the movie. The film is planned for production this year in the United States.

It was sick enough to present an antichrist, Jim Jones, in a television special depicting his sexual perversion and self-worship. How can any people permit the blasphemy of eternal God by even tolerating such a book or film to exist on the shores of the United States of America?

Our country was founded upon freedom to worship God, not blaspheme Him! Atheism is not a religion, it is the opposite of religion! To talk about the religious rights of an Atheist is like talking about a godly Devil. There is no such being. To permit people to attribute demonic characteristics and sins to a perfect, sinless God is certainly the height of blasphemy! Even the orthodox Jews who hated Jesus, did not stoop so low as to degrade His character in this way. The demons who challenged the

ministry of Jesus Christ dared not hurl such wicked blasphemy at a righteous God.

"There have been names that I have loved to hear, But never has there been a name so dear To this heart of mine, as the name divine, The precious, precious name of Jesus." There is no name in earth or heav'n above, That we should give such honor and such love As the blessed name, let us all acclaim, That wondrous glorious name of Jesus." "And some day I shall see Him face to face To thank and praise Him for His wondrous grace, Which He gave to me, when He made me free, The blessed Son of God called Jesus." "Jesus is the sweetest name I know, And He's just the same as His lovely name, And that's the reason why I love Him so; Oh, Jesus is the sweetest name I know."

We should not intend to see any such material come into Crawford County whatever the personal cost may be to stop it! I believe there are enough Godly people in Crawford County to counter such blasphemy. If people in every community will stand up, we can drive this blasphemy out of America! Send your letters and cards of protest to: "Jesus Sex Film Poll, MODERN PEOPLE NEWS, 11058 West Abbisbon Street, Franklin Park, Ill. 60131." If Atheists want to run down their Devil fine, but leave our God alone!! (adv.)

City Council Proceedings

Regular meeting of the City Council held April 14, 1980. The meeting was called to order by Mayor Thompson at 7:30 p.m. Members present: Failing, Westervelt, Thompson, Golinick, Sabin. Members absent: None.

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; Nelson A. Miles, City Attorney; Bonnie Elmy, Patricia Schreiner, Nancy McLachlan, Bob McLachlan, Walt Nowak, Mary Tenniswood, Ruth Tenniswood, Gussie Konopnicki, Don Geiss, Jackie Bonkowski, Bill Bonkowski, and A. Don Sorenson.

Motion by Golinick, supported by Sabin that the minutes of the meeting of March 31, 1980, be approved as presented. Ayes: 5, Nays: 0, motion carried.

There were no citizens present who wished to speak. Communications were received and noted.

From MML re: House Bill 4645.

From Don Williams re: Firebarn roof.

From Michigan Department of Labor re: City Police Department and Teamsters Local No. 214.

From MML re: Regions 8 and 9 annual meeting May 22, 1980.

From Walt Nowak re: M-72 West. Mr. Nowak explained the reasons for his letter to the Michigan Department of Transportation.

Motion by Thompson, supported by Failing that Council go on record as approving the improvement of M-72 West as a four-lane highway. Ayes: 5, Nays: 0, motion carried.

Grayling Housing Commission re: Minutes.

Quarterly financial report of City Treasurer for March 31, 1980. Old Business.

Mr. Morford discussed the 1980 Street Program and presented an invoice from R.S. Scott Co. for engineering services in the amount of \$3,566.16 for services thru March 29, 1980.

Motion by Westervelt, supported by Golinick that the invoice from R.S. Scott Co. for \$3,566.16 be approved and paid. Ayes: 5, Nays: 0, motion carried.

The City Manager stated that he has an estimate for paying the balance of Peninsular Avenue which could be included in the 1980 Street Project. In addition he has received an estimate for paving a section of the road next to the Northern National Bank which he has transmitted to the bank. He also reported that the Community Development Block Grant would provide approximately \$100,000.00 each year for the next three years for street construction, in addition to the income tax and Federal Revenue Sharing funds.

New Business

Milltown Refuse Company 1980-81 contract. The Milltown Refuse Co. has submitted a rate proposal for fiscal 1980, 1981, with all conditions of the contract to remain the same as the current contract except for the following: The portion relating to contract payments would be amended as follows: Effective July 1, 1980, the monthly contract payment will be \$2,525.00 or \$75.00 higher than existing rate.

In addition the contract rate will be amended for the month following and all succeeding months so that for each 10 cents above \$1.30 per gallon of fuel cost, will result in a \$25.00 per month increase in the contract price.

Motion by Golinick, supported by Failing that Mr. McLachlan's proposal be approved and that the contract be so amended for 1980-81. Ayes: 5, Nays: 0, motion carried.

Grayling Recreation Authority Finances. The City Manager explained the financial status of the Grayling Recreation Authority. He stated that the loss for the current year operation is approximately \$15,000.00. They are in a difficult cash flow position. Assets are enough to pay off the liabilities but they would then be out of the ski business. The liability for the Tucker Groomer is not a part of the \$15,000.00 deficit. Some funds have been obtained from various community organizations to help with the Tucker. While the three governmental entities are not legally liable for the Authority's debts, it would reflect on their credit. The Authority requested an advance of \$5,000.00 which would either be paid back in one year or when the assets were liquidated. A good deal of general discussion took place.

Motion by Westervelt, supported by Sabin that the City of Grayling transfer \$5,000.00 to Grayling Recreation Authority to be repaid within one year or when the Authority's assets are liquidated. Ayes: 5, Nays: 0, motion carried.

Reports of Councilmen

Motion by Thompson, supported by Golinick that a letter be sent to the Crawford County Road Commission requesting a schedule for repair of the M-72 West area at the railroad crossing. Ayes: 5, Nays: 0, motion carried.

Reports of City Manager-1980-81 Budget schedule

Motion by Golinick, supported by Westervelt that proposed budget schedule be adopted. Ayes: 5, Nays: 0, motion carried.

County Equalization Director's communication to the City Manager.

Adjournment

Motion by Golinick, supported by Westervelt that the meeting be adjourned. Ayes: 5, Nays: 0, motion carried.

The meeting was adjourned at 8:59 p.m.

Third-party bid helps Reagan

RICHARD MILLIMAN

THE GREAT American pastime—our quadrennial presidential scramble—is more than living up to any advance billing as unpredictable, interesting, frustrating, invigorating, and all those other fancy adjectives.

Of one thing we can be certain in this country—politics, presidential style, will not be boring.

For example, who would have thought, a scant six months ago, that a couple of candidates named James Earl Carter and Ronald Reagan would have the nominations all sewed up 3 or 4 months before the nominating conventions. Yet, that's what it looks like.

Of course, things can change again. They've changed a sozen or so times so far, and there's no reason to bet they won't change again.

WHO WOULD have thought, for another example, that an obscure Illinois congressman would have grown in a few short months from "John Who?" to a modern-day Teddy Roosevelt? Yet, that's what could be happening to John Anderson.

It's really unlikely, but it's true: John Anderson this year is cast in the mold of a Teddy Roosevelt, or a Eugene McCarthy and even an early-on George McGovern.

Those traits and positions which endear Candidate Anderson to the public-at-large, and to members of the opposite party, are those traits and positions which shut him out of his own solid party backing.

The same conundrum applied to both McCarthy and McGovern in earlier times.

The result with Anderson seems to be that he hasn't a ghost of a chance of winning the Republican nomination, yet he might run a respectable and perhaps winning race for president...if he could be nominated.

THEN THERE'S the possibility of a third-party challenge. Of course, wherever there are more than two ambitious candidates for one job, there's always the possibility of a third-party challenge.

It's happened before in recent American politics: Henry Wallace, Strom Thurmond, McCarthy, etc. It certainly will happen again.

This year is different, however...and

that's what makes this year so interesting to dedicated president-making watchers.

With the usual third-party challenges, the third-party challenger predictably weakens his base party, and strengthens the opposition party. That's the normal way third-party challenges work. But not this year.

LOOK BACK AT the most serious third-party challenge of this century. When Teddy Roosevelt led the Bull Moose rebellion, it weakened Roosevelt's Republican party and resulted in the election of Democrat Woodrow Wilson.

When Wallace and Thurmond ran, they drained votes from their home-base Democrats—not enough to defeat Franklin Roosevelt or Harry Truman, but enough to be counted anyway.

But that's not what would happen with a John Anderson candidacy on a splinter ticket, in my opinion.

In primary after primary, Anderson has exhibited his appeal to independents and to Democrats more than to Republicans. He has done best in cross-over states, where Republicans can vote for Democrats and vice versa, without hewing to party allegiance.

IN A GENERAL election between Carter and Reagan, the same would likely be true...that is, John Anderson would appeal to Democrats and to independents more than he would to Republicans.

Most "usual" Republicans would be expected to stay home and vote for Reagan; the splinter seems to be more among Democrats, who are dissatisfied with Mr. Carter, but have no other partisan port in the storm.

Thus, an Anderson third-party candidacy would appear to weaken Mr. Carter's chances for re-election, while having little or no effect on Mr. Reagan's basic corps of supporters. Anderson would weaken Carter, thereby strengthening Reagan.

It's a strange, topsy-turvy world, especially in American presidential politics.

This year is no different. In fact, by the time American voters get to make their decision in November, 1980 may go down in history as one of the topsiest and turviest political years in history.

EDITORS NOTE—This is part four in a four part series covering Steve Rison's "Trip around the World".

Leaving the tropical northeast on Sunday last, I now began my final long trek across the outback some 2,000 more miles to Darwin.

The first part of this segment seemed as though it would never end as I and a temporary traveling companion began what we initially thought was going to be a 12 hour but ended up being a 38 hour train ride.

Although we were provided with the express car attached to the rear of a freight train which seemed to stop everywhere and everywhere inbetween. There were only 4 passengers (5 for awhile but one got put off somewhere) and the car itself certainly wasn't lacking in character (like something out of Butch Cassidy and the Sundance Kid genre) but after so many hours of hot, barren Australian outback it became tough to take.

We did attempt some euchre to pass the time but as 2 of the passengers were pretty drunk most of the time and holding the cards seemed to be an effort in itself, serious card-playing was

only a fleeting diversion. Eventually, the train trip ended followed by a long overnight (but air-conditioned) bus ride brought us finally to Darwin.

I'm now in Darwin washing my clothes, reorganizing my pack, thinking about my last 5 weeks in Australia, and looking forward with anxious anticipation to Saturday morning when I fly from here another 1,000 miles west to Bali, Indonesia and the start of Asia.

Australia, like New Zealand before, was a fulfilling experience speckled with unique places and unique people. Like America in many ways, and different in many others, another country of contrasts.

As on previous adventures so too this one, I am loving the journey, the people, the places but continue learning to appreciate home-America, all the more.

Time to pack and move on as I rambled on long enough for this time—til the next safe and happy weeks to all.

Sincerely,
Steve Rison

elementary school.

Carefully avoiding any criticism of the Middle School, Bush said it has served the community well over the years and should "now be retired with dignity".

In other action taken Monday night, committee members agreed to approach the Board of Education next week with a request for an extension of time, until June, to make its final Middle School recommendation "so that all possible alternatives can be studied and explored." Last Wednesday, a sub-committee was designated to explore still another concept that would group grades K-6 in one school facility and grades 7-12 in another. Further study on this recommendation is anticipated.

Another study that will require lengthy analysis is the Buitendorp report which deals itself with extensive remodeling of the Middle School and contains detailed cost data. The report concentrates on bringing the Middle School within established fire and safety guidelines and further deals with energy conservation measures.

Initiated into Honorary Society

Mt. Pleasant—Clay R. Horton, a Central Michigan University senior from Grayling, was one of 134 students recently initiated into Phi Kappa Phi Honorary Society.

Phi Kappa Phi, the highest honorary society on CMU's campus, includes students and faculty from all disciplines of study.

Two faculty members, Donald Breckon of health education and health science, and Leslie Cochran, CMU vice provost for academic administration, were also initiated into Phi Kappa Phi as honorary faculty initiates.

Horton is majoring in interpersonal and public communications.

La Leche League To Meet

If you have considered breastfeeding your baby, but have questions about this womanly art, contact the Roscommon La Leche League. This month's meeting, "The Art of Breastfeeding and Overcoming Difficulties," will be held on Thursday, May 1 at 7:30 p.m. at 11152 N. Murphy Rd., Roscommon. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child.

A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding. Expectant mothers are encouraged to attend the series before the baby arrives. Nursing babies are always welcome. For further information or for breastfeeding help, call Gayle Willett at 275-8385 or Carolyn Crist at 275-8431.

Your help is desperately needed this coming Saturday at the clubhouse work bee. Top priority is painting the clubhouse, so bring your roller, brushes, ladders, paint clothes, etc. There are other projects that need doing also if you don't like to paint. Please check with Tom or the bulletin board at the clubhouse.

Perfect weekend weather brought out a lot of people and everyone is remarking about the excellent condition of the course. Whatever Tom and Kenny did last fall must have been the right thing—even number 7 green which was almost lost last year is beautiful!

Michigan Baseball Instant Game

The Michigan Lottery's new instant game, "Michigan Baseball", will go on sale Tuesday, April 22.

Each "Michigan Baseball" ticket has nine baseballs, or playing spots, representing nine innings. Under each baseball is the score for that inning. If the player's total score (the sum of the nine innings) is greater than the opponent's score (found under "their Score"), the player wins a cash prize. If the player's score ties with "their Score", the player wins a free ticket.

The "Michigan Baseball" instant game features a Grand Drawing with a top prize of \$1,000 a week for life (\$1 million minimum). Winners of \$50 prizes who file a claim within ten (10) days after the announced end of the game, qualify for the Grand Drawing elimination. At this drawing, nine finalists will be drawn, at random, to proceed to the actual Grand Drawing.

The game consists of over 26 million tickets printed for distribution, with over \$10 million in cash prizes. Overall, the odds of purchasing a winning ticket are approximately one winner in four.

Lottery agents will redeem "Free Ticket", \$2, and \$5 winners. Tickets winning \$50 or \$500 may be claimed at a Lottery Claim Center. Players who win \$5,000 should file their claim at a Lottery Regional Office, or at Lottery Central in Lansing. These offices are located as follows:

Grayling, County Building; Lansing, 6545 Mercantile Way; Marquette, 105 E. Washington; Oak Park, 13391 W. Nine Mile; Portage (Kalamazoo), 5323 Portage Road; Saginaw, 310 Johnson (Downtown Saginaw Mall).

Instant winners of \$50 or more will be paid by check once their Lottery claim form has been validated and approved for payment. The prize check is mailed to the address provided by the claimant. With the exception of the \$1,000 a Week for Life Grand Prize, the Grand Drawing winners will be paid in full immediately following the drawing. The date, time and location of the Elimination Drawing and the Grand Drawing will be announced within one month after the end of the game.

UP, UP & AWAY!!—Grayling Elementary School Second Graders held their Annual Balloon Launch last Friday afternoon under ideal weather conditions.

The balloons, some 120 in all, were sent skyward, each tagged asking the finder to return it to the school. Pat Nunn, School Principal, said in previous years, balloons have been returned from as far away as Virginia. Part of a reading class project, the students got their idea for the event from a story in one of their readers, and the launch dates back five years.

McDonald's of Grayling provided all the balloons and helium which carried them out of sight within minutes. (Joe Schrader photo)

Mr. and Mrs. Floyd Millikin visited friends and relatives in Florida for about four weeks. They spent most of their time at New Port Richey and Ft. Myers. On their way home, they stopped in Radcliffe, Ky, to visit their daughter and husband, Randy and Sandy Cook.

Mr. and Mrs. Bill Tufts returned last week after three months in Panama City Beach, Fla. They reported one of the best winters they've had and Bill played a lot of golf. In Lakeland, they went to visit the Larsons, Hawkins, and Funks. They came home by way of Jekyll Island and Nag's Head, and visited his nephew in Washington, D.C.

Mrs. Marjorie Morency has returned from her winter in the South. She flew first to Green Valley, Arizona, near Tucson, to visit her brother and wife, Mr. and Mrs. Karl Goshorn. From there she went to Texas to visit a granddaughter and family, Mr. and Mrs. John Gardner and baby, and then to Florida where she visited friends and relatives in New Port Richey and Bradenton.

Mr. and Mrs. Dale Pettengill have returned to their home after spending the winter months in Ft. Walton Beach, Fla. they had a very good winter and played a lot of golf.

Today's Market

Homes and properties aren't "selling themselves" these days. Buyers have to be found.

There might have been a time (actually it's doubtful) when all you had to do was let the availability of a house be known, and it would be sold in a day at an amazing price. We were always curious of those tales.

If ever it were true, it's not now! Prices are soaring, mortgage money is scarce (and sometimes not there), and there is a real prospect opposition. There is a need of artful selling, for sensitive discussions, and sometimes for fanciful financial adaptations. This is the opportunity to make profitable the services of an experienced real estate professional in order to get the most for your money.

We won't throw away your time. We handle advertising. We qualify the prospects, to find out what type of home they need and want, and the price they can afford. In turn, we help them to understand what to expect, what property prices really are these days, what compromises may have to be made.

When your home is ready to be sold, list with Keith Dressel Realty, P.O. Box 251, Grayling, MI 49738, 517-348-6111.

BPW Meet

The April meeting of the Grayling Business and Professional Women's Club was held at the Holiday Inn, with club president, Hertha Laupmanis, presiding. Bob Harrington, of Big Brothers/Big Sisters was the guest speaker, and gave a very interesting insight into this recently reorganized program in our community.

A report was given on the recent BPW District meeting held in Traverse City, and a preview of the State Convention which will be May 24 in Lansing. Local club projects were discussed, including the Used Item Sale, which is planned for this Friday and Saturday, April 25th and 26th, in the Mini-Mall.

A nomination committee was selected, as May is election month, be sure to be there on May 1st to cast your vote. Dues are also due in May.

Sponsoring a Rummage Sale

The Frederic Community Library Board is sponsoring a rummage sale and white elephant at the Frederic Sportsmans Club on Friday 26 from 10:00 a.m. until 5:00 p.m.

Anyone with clean rummage may bring it to the Sportsmans Club on Friday night, April 25. The proceeds will go to the Building Fund.

She is survived by 2 daughters, Mrs. Roger (Wilene) Moore of Kalkaska, and Deanna Pietila of Detroit; and 7 grandchildren.

Mrs. Pietila was born in Laurium, Michigan on March 2, 1911, the daughter of Emil and Willina Matson Salmi. She married Sidney A. Pietila who preceded her in death on April 8, 1957. One son, Wilbert, also preceded her in death on September 27, 1974.

She had lived in Detroit and Grayling prior to moving to Kalkaska.

Funeral services were held at 2 p.m. Thursday, April 17, 1980, at the Schwartz-Wolfe Funeral Home, Kalkaska, with Rev. Mike Mitchell officiating. Burial will be in Lakeview Cemetery in Calumet.

JAYCEE CONVENTION—The Grayling Holiday Inn was the site last Friday night for the Northern Michigan Jaycee Regional Convention, attended by Jaycee members from throughout Michigan. Shown here are four Friday participants, left to right, Mike Elden, Grayling Jaycee and District Director, Greg Merritt of Troy, candidate for this year's Michigan Jaycee Presidential post, and now Vice-president for Internal Development, Alex Arenas, Grand Rapids, President, Michigan Jaycees and Mike Shearer of Grayling, Regional Director for Northern Michigan chapters.

Arenas complimented the Northern chapters for their excellence in achieving recognition for their many community projects and internal development programs.

Main item on Friday's agenda were addresses from several candidates for the state offices of President and Vice-president. In addition to their talks, the Northern Jaycee Regional Director, Shearer, was elected. He will represent chapters to the north, south and east in addition to Grayling.

The state Jaycee Convention is scheduled for May 9-10-11 in Battle Creek where elections for Michigan offices will be held.

Bits O' Talk

By Fay Boyce

Guest of Mrs. Irene LaRush for five days last week were Mr. and Mrs. John Prior of Rochester.

Jack and Betty Mead had their son Todd, his wife June and baby daughter, Misty, home on leave from the Air Force for the past two weeks. Also all of Jack and Betty's children and grandchildren were home together for the first time in 5 years.

A birthday party was held Saturday, April 5th for Elissa Cox. She was 5 years old. The centerpiece was a Bugs Bunny cake, it was a gift made by Elissa's aunt Judy Sorenson. The children played games and had an Easter egg hunt. Refreshments served were cake, ice cream and Koolaid. Elissa is the daughter of Bill and Nancy Cox.

Twenty relatives and friends attended a champagne brunch hosted by Mr. and Mrs. Ken Chapp on Easter morning. The centerpiece for the table was a whole fresh pineapple with assorted fruits and cheeses. Coffeecakes, Trifles, meat pie (French dish), assorted meats and French omelet were served. It was a very pleasant day enjoyed by all.

Shelley Pick is now employed at the President's Chair on Michigan Avenue—Phone 348-5817.

Jane Pettengill of Lansing spent last week with her parents, the Dale Pettengills.

Mr. and Mrs. George Dice and family had a ten day vacation and business trip to Florida. They were at their home in Sarasota and George was in Gainesville on business. Janet's mother, Mrs. Mabel Roberts of Ithaca, accompanied them.

Chapter No. 83 O.E.S. Honored Mrs. Elsie Jansen

Elsie Jansen, Grand Committee Member on Sunshine of the Grand Chapter of Order of the Eastern Star of Michigan in the Milbourne-Jones Grand Family, was honored by Grayling Chapter No. 83 at a reception and dinner in the Masonic Temple Wednesday evening March 19th. Approximately 200 attended the dinner, Patricia Failing P.M. was Mistress of Ceremony.

The invocation was given by Doris Briggs of Breckenridge, Grand Chaplain Velda Marshall Worthy Matron of Grayling Chapter welcomed the guests with Helen Milbourne, Worthy Grand Matron responding on behalf of the Grand Family.

Patricia Failing gave a resume of Elsie's activities during her years as a member of the Order of the Eastern Star. Many gifts were presented to Elsie including one from her

Chapter presented by Velda Marshall W.M.

Helen Milbourne W.G.M. presented a gift from the Milbourne-Jones Grand Family. Elsie presented her two traveling companions, (called go 4's) Don Jansen and Velda Marshall with their plates. A special tribute composed and read by Sid Southwood P.P. Waldo Chapter Bellaire was later given to Elsie. The Past Matrons and Officers registered the guests.

Jennie P.M. and Forrest Anis welcomed guests at the door. The dining room was decorated with the colors, symbols and emblems of Milbourne-Jones Year of the Bridge Builders.

A delicious dinner was served by Roberta Wright P.M. Chairman of the Committee assisted by other Past Matrons, Officers and Brother Masons.

Each Grand Officer and Committee Member received a gift from the Grayling Chapter,

made by Irene Peterson P.M. and Hazel Carver P.M.

The committee members of the Milbourne-Jones Grand Family initiated two members into Grayling Chapter No. 83. They were Susan Noteware and Diane Hatley. The ceremony was very impressive and will long be remembered by all who witnessed it.

Punch and cookies were served after the initiation, by Emma Burch and Mildred Bristol.

Guests were present from throughout the State of Michigan.

Velda E. Marshall W.M.

Receives AF Promotion

Hampton, Va.—Rob Roy Ockerman, whose wife, Debra, is the daughter of Mr. and Mrs. Joseph Dedafio of Grayling, has been specially identified for early promotion to senior airman in the U.S. Air Force.

Selection below-the-zone means the individual has been awarded the senior airman rating up to six months before normal promotion eligibility. Competition in this category is reserved for airmen who excel on the job.

The airman is an aerospace ground equipment mechanic at Langley Air Force Base, here.

Airman Ockerman is a 1976 graduate of Grayling High School.

Volunteers Are Special

Rose Ann Owens has been volunteering her time two days a week for the past two years at the Frederic Elementary School. One of the reasons Mrs. Owens volunteers is, "I think that by helping the teachers with their paperwork they have more time to devote to their students."

She lives in Frederic at 6393 Manistee with her husband, Conrad, and their two children.

Mrs. Owens states that she is a "happy homemaker" and besides volunteering she enjoys knitting and baking for her family.

There is always a need for volunteers and Mrs. Owens is one of many "special" people who have volunteered their time this year.

For further information about the Volunteer Aide Program in the Crawford AuSable Schools call Cheryl LaDuke at 348-7641, ext. 52.

In Appreciation

The Senior Citizen Bowling League would like to express appreciation to all their sponsors, especially for all the nice shirts most of us received. A special appreciation to First Savings, Grayling State Bank, Larry & Joan's Place and Hard Times Saloon for their favors for our banquet table.

The Chief Shoppenagon Motor Hotel had an excellent banquet for us, the food was delicious.

We also appreciated the running off our sheets each week by Ruth and Connie at the Center.

Sincerely,

Senior Citizen
Homemaker Service

Homemaker service is definitely a growing program. It has been in existence less than a year and in its third week, they did services for nine clients. We are now doing services for 53 clients.

Homemaker Service? What is it? Who is eligible for Homemaker Service? Who pays?

Homemaker Service is a program in Crawford County sponsored by the Northeast Michigan Community Service Inc. and is being administered from the Crawford County Senior Citizens Center.

My job with Homemakers is to make the first visit with the client which has been referred from the Senior Center, Department of Social Services, a neighbor, relative or friend of the person who could use the help. I spend some time with the family, assess what types of services they need, and how often we can provide the help. I make out a work order detailing what is to be done in the home. Cooking, dishes, cleaning, changing bedding, grocery shopping, or even transporting them to the doctor's office, in an emergency.

To be eligible, you must be 60 years of age or older and unable to perform routine daily tasks. There is no charge for this service and no income restrictions. However, we do accept donations if you can afford to pay. This will allow us to do services for more clients.

If you know of someone that has a temporary condition due to illness, injury, arthritis, handicap or recently returned home from the hospital and is unable to perform these daily chores for themselves please call the Senior Citizen Center, 348-9314.

If you or someone you know has a few hours a week to help provide these services, please call and let us know. Volunteers will receive mileage and a stipend, \$1.50 per hour of service. To volunteer please call the Senior Citizen Center, 348-9314.

Grayling Township Board

Regular Meeting April 8, 1980

Members present: Bernard Fowler, Elizabeth Wieland, Evelyn Gardiner, Marvin Hallett, Floyd Millikin
Members absent: none

Others present: Richard Williams, Carol Williams, Robert Chappel. Meeting was called to order at 7:30 p.m. Motion by Gardiner, supported by Hallett, the minutes of the Regular Meeting of 3-11-80 be approved as written. All Ayes.

Treasurer's report was given. Motion by Millikin, supported by Hallett, it be accepted. All Ayes.

1. Notice was received from the U.S. Department of Commerce, Bureau of Census, relative to a revision in the scope and timing of the local review of the 1980 Census.

2. Notice of application instructions for the 1981-82 Public Transportation Program were received from the State Department of Transportation.

3. Correspondence from the Department of Natural Resources was received as follows:

A. The Waste Paper newsletter relative to words of and about, solid waste management.

B. The revised proposed administrative rules to implement Solid Waste Management Act.

C. An inventory request of public recreational land and facilities.

4. Notice of hearings scheduled for the National Wild and Scenic Rivers Act. A copy of the Michigan Council of Trout Unlimited recommendations for the AuSable and Manistee Rivers to be designated into the Wild and Scenic Rivers Act was received and reviewed. Fowler informed the Board he would be attending a meeting in Lansing on a similar downstate situation where local property owners overwhelmingly objected to inclusion and interest groups were supporting adoption.

5. Notice was received from the Public Service Commission relative to hearings for the purpose of exploring, and if possible, agreeing upon matter which will expedite the proceeding for the establishment and treatment of funding for the decommissioning of nuclear power plants.

6. Richard and Carol Williams met to inquire if the Township had an ordinance regulating the construction of fences. This matter has been discussed in the past and the Board will continue to pursue adoption of regulations.

7. A copy of the Huron-Manistee National Forests. Planning News, was received relative to criteria proposed for the National Wild and Scenic Rivers Act. A copy of the Michigan Council of Trout Unlimited recommendations for the AuSable and Manistee Rivers to be designated into the Wild and Scenic Rivers Act was received and reviewed. Fowler informed the Board he would be attending a meeting in Lansing on a similar downstate situation where local property owners overwhelmingly objected to inclusion and interest groups were supporting adoption.

8. Copies of correspondence between the Department of State Highways and Transportation and the Grayling Regional Chamber of Commerce relative to re-routing the I-75 Interchange and increased traffic on M-72 West was reviewed.

The necessity of having Staley Lake Road accepted in the County Primary road system when Weyerhaeuser Company is in operation was discussed.

The condition of the railroad crossing on M-72 West was also discussed. The re-surfacing of M-72 East from McManis Road to Mio and the rough section west of Stephan Bridge Road are being pursued by the Road Commission this summer.

9. Fowler reported on several violation he is in the process of resolving including camper trailers, accumulation of rubbish, commercial business operating in a residential zone, tents as residences, improper constructed chimneys, and vacant residences. The Township resolved the rubbish accumulation as immediate attention was necessary.

10. Fowler informed the Board that a Special Meeting of the Township had been called and held on April 1, 1980, to decide the number of trustees to be elected this fall. An unanimous vote to elect two trustees and stay with a five member board resulted.

11. A report on the Compactor indicated: half loads were being hauled until weight limits are removed from the highways; two white goods days are being planned possibly the Saturdays prior to Memorial Day and Labor Day from 8:00 a.m. to 4:00 p.m.; new fees are in effect at the County landfill; the building is being stained; the garage/storage building is nearly completed with the exception of an approach; and the method of control of bees and birds nests must be decided.

12. A County allocation board is in effect for the 1980 Tax levy as the fixed millage has expired. A proposed budget from the Fire Department shows a substantial increase requested as complete renovation of the 1969 pumper is recommended.

13. Fowler distributed a proposed salary schedule for hired employees for review. Salaries indicated are based on the same facts considered by the Compensation Commission for Elected Officials.

14. The financial status of the Grayling Recreation Authority was discussed. Credibility of the Authority if operation of the park is to continue is of great concern and necessary. The Authority has been unable to seek financial assistance through the institutions pursued. Legal counsel advises a returnable appropriation can be obtained through the three municipalities. Gardiner moved to authorize the Supervisor to enter into an Agreement with the Grayling Recreation Authority, to transfer a returnable appropriation of \$5,000.00 to the Authority under the same terms and conditions as the other two governmental units agree upon to allow the Authority to maintain a clear credit rating. Motion supported by Wieland. Roll call: Gardiner-aye, Hallett-aye, Millikin-aye, Wieland-aye, Fowler-aye.

15. A Planning Commission report indicates the Planning Consultant has started on the up-date of the amendments being considered for the Zoning Ordinance. Hearings are tentatively scheduled during August.

16. A report of the Assessing Functions was received, reviewed, and placed on file. An equalization report indicates a 1.0 factor will be applied, however the state tax commission is questioning the study.

17. A Building Inspector seminar is being held in Gaylord on April 10, 11, and 12. Robert Chappel will be attending the seminar on behalf of the Township.

18. Fowler distributed several reports for review including notes on the subjects discussed with city representatives on the cemetery operation. No action was taken at this time.

19. The question box of the April Michigan Township News was discussed. Duties and responsibilities of various boards were highlighted. Notice will be sent to board members stipulating these responsibilities and proper procedures to be followed.

20. Fowler informed the Board the 1980 assessment roll has been completed and the assessed value is at \$48,000,000.00 up about \$3,000,000.00 from 1979 with new construction, loss, and adjustments.

21. An article in the Michigan Township News relative to the one-percent collection fee being ruled unconstitutional in Oakland County Circuit Court was discussed.

Motion by Millikin, supported by Hallett, to approve vouchers 4090 through 4121 in the amount of \$12,800.69 as presented. Roll Call: All Ayes. Motion by Wieland, supported by Hallett, meeting be adjourned. (10:17 p.m.) All Ayes.

Elizabeth H. Wieland
Township Clerk

Road Commission Minutes

April 4, 1980

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Richter presiding. Present were: Chairman Ervin Richter, Commissioner's Grover Cason and Gloria Kraus, Manager Charles Fox and Secretary Lorna Bernard. Absent: Engineer Ron Herneke.

The minutes of the last regular meeting were read. Commissioner Cason made a motion to accept the minutes with corrections, seconded by Commissioner Kraus. Yea's: Cason, Kraus, and Richter. Nay's: None.

The Act 51 Financial Statement was received and accepted by the Board. Chairman Richter signed the report.

The final recommended budget submitted by the auditors Robson, Schutte and Hutchison was discussed by the Board. Chairman Richter made a motion to accept the proposed budget, seconded by Commissioner Kraus. Yea's: Cason, Kraus, and Richter. Nay's: None.

The County Sign Inventory program was discussed by the Board. Manager Fox was instructed to check with Engineer Herneke regarding the federal grant program for the purchase and placing of the signs.

The Board reviewed the Right of Map map for Pere Cheney Road. After review Manager Fox recommended that the Board sign the map.

A discussion was held regarding the use of a drill rig for Soil survey on Four Mile Road. Manager Fox informed the Board that Isabella County owned such a drill and that it was available to us for loan.

Manager Fox reported to the Board that the carpet company offered to repair the carpeting flaws or they offered a deduction on the bill. The Board instructed Manager Fox to have the carpeting repaired.

The Board recessed for lunch and upon returning to the office convened their meeting. Three permits were received and signed by the board.

General Telephone to bore under North Down River Road, 0.6 miles east of Lovells Road in Lovells Township.

General Telephone to bury cable 25 feet from centerline of Stephan Bridge Road, 1 mile south of M-72 in Grayling Township, 36' deep.

Consumers Power to bury 4800 volt power line, 4 feet deep in Memory Lane, Beaver Creek Township, Section 19.

Manager Fox informed the Board that the date for the bids on the used equipment will be April 25, 1980.

There being no further business, a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

Ervin E. Richter, Chairman

Lorna Bernard, Secretary

A BIGGER WORLD

There comes a time, even in a chick's life, when the way must open to a greatly expanded world. When his confining shell no longer allows proper growth, he makes a point of throwing off his shackles and steps out into a big, strange world.

This comparatively simple phenomenon is paralleled in human existence as each child grows toward adulthood, and reaches out for the wider horizon. What he finds there will depend in great part on what he has been taught.

For this reason the early and continued guidance of Christian home and church are all-important. From these things the foundation of faith is built. Through faith and understanding the shackles of fear and bondage are dispelled, and your child grows spiritually strong to meet the ever-widening horizons and challenges of a modern world.

Proclamation

**McHappy Day
Sunday, April 27, 1980**

WHEREAS: The parents of critically ill children find solace in the Michigan Ronald McDonald House, and will thereby benefit greatly from donations through McDonald's restaurants; and

WHEREAS: Community leaders, sports figures, entertainers, media personalities and McDonald's personnel will have the opportunity to work together on this worthwhile cause; and

WHEREAS: Every citizen in our community will have the opportunity to "Give A Child A Hand" through the purchase of Big Mac sandwiches and support of this special day;

Now Therefore I, by virtue of the powers vested in me, hereby proclaim Sunday, April 27, 1980, McHappy Day.

Mayor Sandy Thompson

In Appreciaton

We are grateful for those who so willingly and lovingly helped us care for Grandma "Zip" (Zelphay Myers) the past months and years; Clarence (Whitey) Robertson, Mary MacGillivray, Clyde Smith, and Cindy Dedafae.

A Thank You from deep in our hearts: For our family who made things so much easier for us, Mary and Dawn Marie Hale, Dawn Harmon, Margaret Harmon, Bob and Joyce Sears.

For our friends who sat with us, sometimes for hours, during those difficult days, Linda Gorney, Cheryl McCarver, Ruth Sherbert and Jessie McNally.

Those who did special things to help out and comfort us, Dorothy Zill, Vi Kehr, Bob Cole of Flowers By Josie, Mark McNally, Pastor Robert Barnett, Derek McEvers, and Dr. Paul Dosch, for coming when we needed him, Alice Moore and Marie Harris, for substituting as Dr. Rosi's nurse.

And those too numerous to mention who prepared dishes, sent cards and flowers, visited, and sent donations to the Easter Seal Loan Closet.

"Part of the immortality of man is living in the memory of those who care." (June Daugherty)
